Sir:

Applicants disclose herewith a reference of which they are aware, which they believe may be material to the examination of this application and which they may have a duty to disclose in accordance with 37 CFR 1.56.

While this Information Disclosure Statement may be "material" pursuant to 37 CFR 1.56, it is not intended to constitute an admission that any document referred to herein is "prior art" for this invention unless specifically designated as such.

I hereby certify that this correspondence is being deposited with the United States Postal Service on the date shown below with sufficient postage as first class mail in an envelope addressed to the: Commissioner for Patents, PO Box 1450, Alexandria VA 22313-1450.

27,2004

In accordance with 37 CFR 1.97(g), the filing of this Information Disclosure Statement should not be construed to mean that a search has been made or that no other material information as defined under 37 CFR 1.56(a) exists.

The enclosed reference was cited at page 36 of the specification and was previously disclosed in an IDS mailed on July 18, 2000 and received at the PTO on July 20, 2000. It is noted that while the PTO 1449 correctly listed the reference as GSM 04.60 v6.1.0, a different version may have been supplied. While the Examiner did not note any discrepancy between the PTO 1449 and the provided reference, Applicants wish to set the record straight in this regard. Also enclosed is a Form PTO/SB/08B listing the reference cited.

Respectfully submitted,

Andrew T. Hyman
